DATE ACQUIRED

SOURCE EVALUATIONS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

1. Aircraft count: (1600 hours on 7 June) 25X1

28 IL-28's [redacted]

2. Flying activity:

a. From 0800-1400 hours daily, except Sunday, during the period of the report, in good weather conditions, very considerable flying activity was observed. Single IL-28's took off from East to West, carried out a circuit of the airfield and landed again in an easterly direction. The undercarriage was not retracted. 25X1

b. Formation flights took off from the East and without circling the airfield, flew in the direction of the Kannenberg firing range; whether or not firing practice was carried out cannot be stated. On 28 May, an IL-28 took off towing a drogue, flew in a westerly direction and returned 45 minutes later.

3. New construction:

a. The work of clearing trees to the north of the airfield is making slow progress; no distinctive features can be identified.

b. In front of Hardstand No. 4, a new concrete road, 7 m wide, has been constructed up to the Gross Doellnerstr.

c. From the quarters in Jagen 126, in the direction of Gross Doelln, a telephone line with 8 wires side by side and 2 wires overhead has been erected. The line passes through Jagen 126/127, 95/96, 66/67, enters the village of Gross Doelln and ends at the road Gross Doelln-Schoenebeck.

d. A heavy cable has been laid to the Fuel Depot T 1. The cable runs through Jagen 126/161, then to the railway, and crosses the road Vietmannsdorf-Gross Doelln up to the Fuel Depot. 25X1
